

Heppell REEF Marine Conservation Internship Scholarship Application

The Heppell sponsored internship will take place during the summer semester, which typically takes runs from late May through mid-August. General internship application guidelines, outlined at www.REEF.org/internship, will apply. Preference will be given to Oregon State University (OSU) students and recent alumni. Secondary preference will be given to non-OSU students from a traditionally underserved population in education including first-generation, low-income, and minority students, or those with other extenuating circumstances.

Applicant Name:
Are you a current student or recent graduate of OSU?
Please tell us why you are deserving of this scholarship.

*This document should accompany your complete application package.
