## 2015 FIELD SURVEY TRIP PROGRAM

*Dive Vacations That Count*

For the past two decades, REEF volunteer surveyors have compiled the largest fish sighting database in the world, led the way in lionfish invasion intervention, and pioneered research for the preservation of Nassau Grouper populations. REEF Trips are led by marine life experts. Join like-minded divers for an itinerary of diving, seminars, and fun!

### BONAIRE

#### Buddy Dive

**August 1 – August 8, 2015**

Studio \$1,175 (double occupancy) or \$1,852 (single occupancy)

One-Bedroom Apartment \$1,256 (double occupancy) or \$2,014 (single occupancy)

Led by Christy Pattengill-Semmens, Ph.D., REEF Director of Science and Brice Semmens, Ph.D., REEF Science Advisor

Home to eight of the most species-rich sites in REEF's Caribbean database, the reefs of Bonaire are legendary among underwater naturalists. This is a perfect trip for the beginner or experienced surveyor alike. Marine biologists, Drs. Brice and Christy Semmens, will be your guides on what is sure to be a great week

Your package includes 7 nights double occupancy accommodation at Buddy Dive in either a studio or one-bedroom apartment, 7 days rental vehicle (per room), 6 1-tank daily boat dives, 6 days of unlimited air fills for shore diving, 6 days of free Nitrox upgrades, daily American style breakfast buffet, welcome drink, Manager's Rum Punch Party, airport transfers, all government taxes.
