Hosted in Key Largo, Florida, REEF Fest is a celebration of ocean conservation. This event features educational seminars, dive, snorkel, and kayak trips, and socials. All REEF Fest events are open to the public, and the seminars are broadcast virtually, recorded, and made accessible online for future viewing.

Approximately 300 divers, ocean enthusiasts, and conservationists attend REEF Fest annually. The goals of the event are to engage the public with marine conservation and citizen science, highlight the Florida Keys as an eco-tourism destination, and bring the community together to celebrate our shared love for the oceans.

As one of REEF's largest annual events, REEF Fest is featured prominently on our website, social media, newsletters, and emails distributed to 30,000+ addresses. Advertising support is provided through Monroe County Tourist Development Council and partnerships with local media outlets, and includes a series of print, digital, and social media ad campaigns, as well as direct mail, radio ads and branded promotional items.

You can show that you care about the health of our oceans by becoming a REEF Fest sponsor! All proceeds from REEF Fest directly support REEF's marine conservation programs. We hope you will join us for the ninth annual REEF Fest on October 17-20, 2024!
